PLEDGE INCREASED PRODUCTION IN HONOR OF CONSTITUTION DAY

The workers of several Hungarian enterprises have entered into competition to step up production in honor of Constitution Day. The Hungaria Chemical Co offered to complete its yearly quota by 8 December instead of 21 December, and to reduce waste of material and labor.

Several groups of miners joined the competition, but will modify their pledges of increased production according to special problems existing at particular mines. The Dudar mine pledged earlier completion of its yearly quota and also pledged to furnish an additional 12,000 tons of coal to the national economy. By the end of 1951 the three-shift system will be 70 percent in operation at Dudar.

The workers of the Somsaly coal mine pledged to reduce considerably the use of explosives and timber by the end of the year.

The workers of Ganz Electric pledged to reduce manufacturing time for most of their products, including turbogenerators designated for export and for the motor needed for the drainage plant at Dunapentele.

The workers of the Debrecen and Szolnok vehicle plants contracted to convert 25 percent of their furnaces to the use of natural gas in order to conserve the more expensive fuels.
